

Query about good publishers

Among the thousands of publishers, which ones are most likely to publish a book about the professional and personal experiences of a senior professional who served the public in the following prominent roles:

- Senior Advisor to a British Prime Minister's family from 2004 to 2007 (this fact reached the front page of a broadsheet in a major global financial centre)
- Judge in Magistrates Court (Justice of the Peace for England)
- Elected Governor of 20 major NHS Hospitals in London
- Elected Governor of 5 Schools in London
- Civil Servant (Research) in Central Government and Senior Policy Officer in Local Government
- University Researcher and College Lecturer
- Elected Chair of voluntary organisations
